Hybrid Salt Generators

Generators that perform multiple sanitation tasks

DEL Trio-Pure - Combination Chlorine Generator/Ozone Generator

Trio - 25
(Up to 25,000 Gallons)
Trio - 50
(Up to 50,000 Gallons)

Item No.
D6102
D6098

The TrioPure® combines Ozone (the most powerful pool oxidizer/sanitizer) and salt water electrolysis (which creates chlorine from salt) to form superior oxides at the point of mixture. This process, called the Advanced Oxidation Process (AOP) further sanitizes and destroys microorganisms in your swimming pool water and it can only be found on the patent pending and ETL certified TrioPure.

POOL FROG (King Technology) Combination Chlorine Generator/Frog Mineral System

Pool Frog Mineral Hybrid
(Up to 40,000 gallons)

D6104

Pool Frog combines the renowned Frog mineral technology with salt chlorine generation to give you the best of both worlds. The mineral technology reduces your chlorine consumption by 50%, combine this with cost saving chlorine generation and you have an ideal solution for sanitizing your pool. 7-Year Warranty

ZODIAC - DuoClear Complete Pool Sanitizing System

DuoClear Complete
(Up to 45,000 gallons)
